

Town of Patagonia  
Cemetery Committee Minutes  
May 21, 2015

Call to Order at 6:00 pm

In attendance: Carl Bowden, Fred Benedict, Mary McKay, Arsenio DeLaOssa, John Urias

Absent: Bryan Junger, Pete Acevedo

1. Discussion about previous meeting and site visit to Patagonia Cemetery. Graves and names were added to a map that was provided, but it was decided that this will not be sufficient as it is not to scale.
2. Discussion about the capacity study done in 2004 with the help of Beth Grindell, the Arizona State Museum and the Drachmann Institute of the University of Arizona. Member Arsenio DeLaOssa discussed that he had used the color coded map produced from the capacity study before he retired as an employee of the town, to locate a grave at the cemetery. But the map is now lost and no one in the town office knows where it is. It was decided that Mary McKay will try to make contact with the people who were involved with the capacity study to see if she can get a copy of the GIS file or other computer files so that the town can have a new map printed.
3. Next meeting will take place on June 18<sup>th</sup> at 6:00pm in the council chambers

Meeting adjourned at 6:45 pm

Submitted by Mary McKay Secretary
