6. REPORTS AND DISCUSSION FROM WORKING GROUPS: TOWN ORDINANCES, USE PERMIT, HOUSING NEEDS ASSESSMENT.

Nancy McCoy shared a revised version of the *Application for Use Permit: General Instructions*. It includes five steps an applicant must complete before a Use Permit is granted, as well as the items the Committee requested be included at the last meeting. County guidelines for parking will be used for larger developments. The revised *Application for Use Permit: General Instructions*, the Planning and Development Committee site visit checklist, and a request for a \$69 Use Permit application fee will be sent to the Town Council for approval.

Victor Romo said that he met with Town Manager Robinson to continue working on the subdivision checklist for contractors and developers. The checklist will include more general information at the

beginning and then more detailed information about what the Town expects from developers. More technical information will be added, as well as green incentives and Firewise information.

Laurie Monti presented the findings from the Senior Housing Assessment. Results indicated that informal support is important for seniors, and that it is also important to find resources to help people stay in their homes. The next step will be to put together a summary including information for future planning and resources available in the region. A study session with Town Council may also be planned. The survey results will be submitted to Mayor Wood.
